

Tools & Supplies:

- o Large cloth scissors - *make sure they are sharp and functional*
- o Rotary cutter and cutting mat - *no ruler necessary*
- o Thread - *medium gray blends well with everything*
- o Tailors chalk or marking tool
- o Pins
- o Seam ripper
- o Hand sewing kit - *just in case*
- o Sewing Machine with extension cord
- o Sketchbook/journal or paper with pen or pencil

Materials:

- o Bring a diverse selection of large, medium, small scraps - **90% solids & 10%**

prints - in a variety of values, neutrals, shades, tints and brights. Try not to

coordinate your selections.

- o Estimate amounts according to your goals for the project. Keep in mind your target size, your natural pace and scale, and the 6-hr time limit of the workshop. Most likely 4 yards total will be more than enough.

- o Bring some stash scraps to **share** with the class.

- o Come with a make-do attitude and whatever you bring will be fine!

My workshops are structured with an hour of upfront instructions, demos, and brainstorming, after which I set everyone loose to sew. Please be on time to get the most of the workshop. If you are late, simply jump in where we are and do your best. Leaving early is not as critical.

Grid Busting Improv Curves © 2019 sherrilynnwood.com

Tools & Supplies:

- o Large 6-8" fabric scissors - *make sure they are sharp*
- o Thread - *medium gray blends with most fabrics*
- o Pins
- o Seam ripper
- o Tailors chalk or marking tool
- o Rotary cutter with mat - *leave rulers and templates at home*
- o Sewing Machine with extension cord
- o Hand sewing kit - just in case

Materials:

- o Bring a diverse selection of fabrics with at least **50% solid fabric** in a variety of values, neutrals, shades, tints, brights. Try not to coordinate your selections.
- o Large cuts to fat quarters recommended unless you plan on working small.

o Estimate amounts according to your goals for the project. Keep in mind your target size, your

natural pace and scale, and the 6-hr time limit of the workshop. Most likely 4 yards total will

be more than enough.

o Bring some scraps to **share** with the class.

o Come with a make-do attitude and whatever you bring will be fine!

My workshops are structured with an hour of upfront instructions, demos, and brainstorming, after which I set everyone loose to sew. Please be on time to get the most of the workshop. If you are late, simply jump in where we are and do your best. Leaving early is not as critical.
